EDUCATION

Hochschulforum Digitalisierung (HFD) is a joint initiative by Stifterverband, CHE Centre for Higher Education and the German Rectors' Conference (HRK). It is sponsored by Germany's Federal Ministry of Education and Research (BMBF).

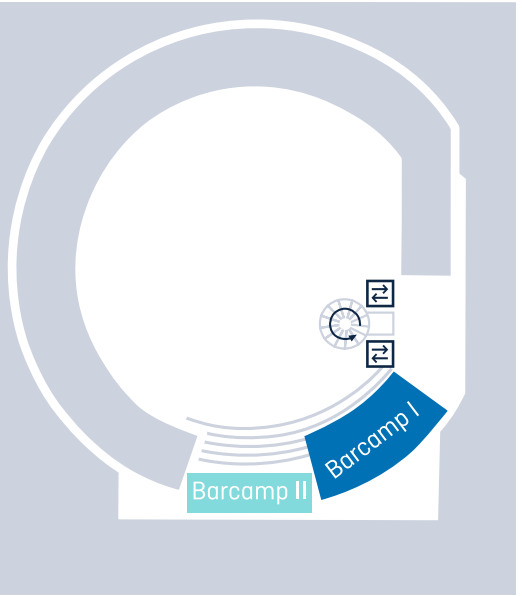

HRK Hochschulrektorenkonferenz

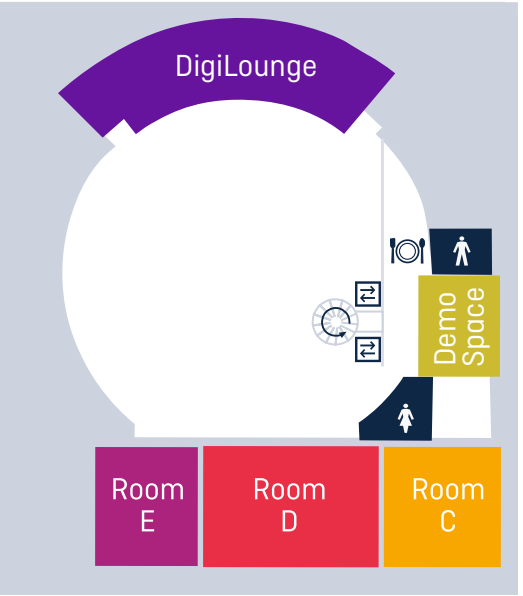

Groundfloor

2nd Floor

4th Floor

Formats and Spaces

Barcamp

A barcamp is a series of spontaneous workshops that are offered by the conference participants. Session topics are pitched on stage in the rotunda and then the workshops are jointly agreed upon. After the groups have come together, they are assigned to areas in the Barcamp Spaces on the ground floor or the second floor. The Barcamp sessions will take place parallel to the Workshops.

Beer-to-Peer

At our informal evening event, we invite you to get together with your colleagues and enjoy conversations, music and drinks at the end of the first conference day. Cheers, Peers!

Catering

Two catering areas offer a buffet for lunch and dinner. Please note that the buffet on the ground floor is suitable for a larger number of

people than the one on the 4th floor. To ensure that everything runs smoothly, we kindly ask you to use both areas at peak times.

DigiLounge

Meet other conference participants in the DigiLounge on the 4th floor. Have conversations in a relaxed atmosphere while enjoying fresh coffee and snacks.

Keynote

Two keynotes per day will be held in the rotunda. During the keynote speeches, there will be no other events held in the venue.

Live Demo

Live demonstrations will be shown in our Demo Space on the 4th floor. During the live demo slots, you can walk in/walk out at any time.

Poster Session

Universities and other institutions present their project experiences in the DigiLounge. The posters can be viewed during both conference days. A personal discussion with the submitters is possible during the scheduled poster sessions.

Presentation

The presentations will take place in various rooms (A, B, C, D, E) of the venue. Due to the tight time schedule, we recommend that you arrive at the respective room in a well-in time.

Workshop

The workshops take place in several rooms of the venue (A, B, C, D, E). As space and number of participants are limited, we recommend that you register for the workshop of your choice via the Event App. The Workshops will take place parallel to the Barcamps.

**Download our Event App
and get involved:**
